In early 2017, Commissioner Tools will be available to all councils and districts to assign and enter contacts for traditional and exploring units, and the National Commissioner Service Team is working with volunteers and professionals from all councils to develop tools that will help volunteers serve exploring units more effectively as we serve all units. We will communicate to commissioners as new tools and resources are developed.

Specific Training Released

When you need content they need when they need it is the purpose of the new BSA e-learning content. It has been added to the learn center consisting of 14 e-learning modules. It includes content such as selecting youth officers, building a crew budget and annual program planning, and how to complete position specific training online.

Training is divided in three parts, or learning plans. Each learning plan is designed for the specific position and is to be taken before the first meeting, within the first 30 days, and within 90 days. The purpose is to help volunteers to complete their training at their own pace.

Browser Updates

National 01/19/2017

Chrome - Issues caused as a result of the latest version of Chrome (55) have been resolved!

Commissioner Tools - When adding a new contact using Internet Explorer v11, the overall score doesn't populate with the correct value after it's saved. We are working to resolve this issue.

Update - Training Reports

National 12/16/2016

We recently made some updates to training reports in Training Manager. The YPT Aging Report was optimized to generate and download faster than before, even for large councils. No more time-out issues due to high volume usage. We are also working to optimize the Trained Leader Reports. An update will be posted once it's implemented.

We apologize for any inconvenience this may be causing as you attempt to complete your annual renewal process.

Commissioner Tools and Exploring Units

National 05/04/2016

Many unit commissioners are currently serving traditional and exploring units. In early 2017, Commissioner Tools will include exploring units allowing councils and districts to assign and enter contacts for traditional and exploring units, except Learning for Life. The National Commissioner Service Team is working with volunteers and professionals from the National Exploring Committee to develop tools that will help volunteers serve exploring units more effectively as we move forward together in service to all units. We will communicate to commissioners as new tools and resources become available in the future.

About Online Registration

Scouting families and prospective Scouting families have asked for it, and now it is here! Beginning this fall, the traditional paper registration method will not be the only way to join Scouting. The Boy Scouts of America will offer online registration to select BETA councils to meet the demand for completing the entire registration process for youth members and adult leaders more efficiently. This is a giant leap forward in allowing prospective members and leaders to register in a way that's convenient for them, and it creates a more efficient and user-friendly registration experience for units, districts, and councils.

Before You Start - Preparation Checklist

There are important steps you must take to prepare!

It is critical that you complete all items on the checklist for your Scouting role below to ensure you are granted the necessary permissions to work within the online registration system. Access to information, and the ability to take action within the system, is granted based on these permissions. To have the appropriate access, your role, council name, and a valid email address must be listed correctly in your my.scouting tools profile.

- Council Employee and Volunteer Checklist
- District Employee and Volunteer Checklist
- Unit Checklist
- Cubmaster
- Scoutmaster
- Chartered Organization Representative
- Committee Chairman
- Varsity Coach

Special Message to LDS Units

Units chartered to the LDS Church are automatically recognized in the online registration system. Your registration fees will continue to be paid directly by the Church headquarters in Salt Lake City. Therefore, your invoice should show a balance of \$0.00 for registration fees.

However, families will be given the opportunity to purchase *Boys' Life* magazine, which is not covered by the Church and will be on the invoice at checkout for the family to pay.
